IS IT TIME TO UPGRADE YOUR SYSTEMS ON BOARD?

In order to keep up with the evolving technology, we work with the experts in the field. Knowledge of the Oysters is also key when upgrading, servicing or repairing systems and we want to make sure it is done right the first time.

TAKE ADVANTAGE TO PAINT AND VARNISH

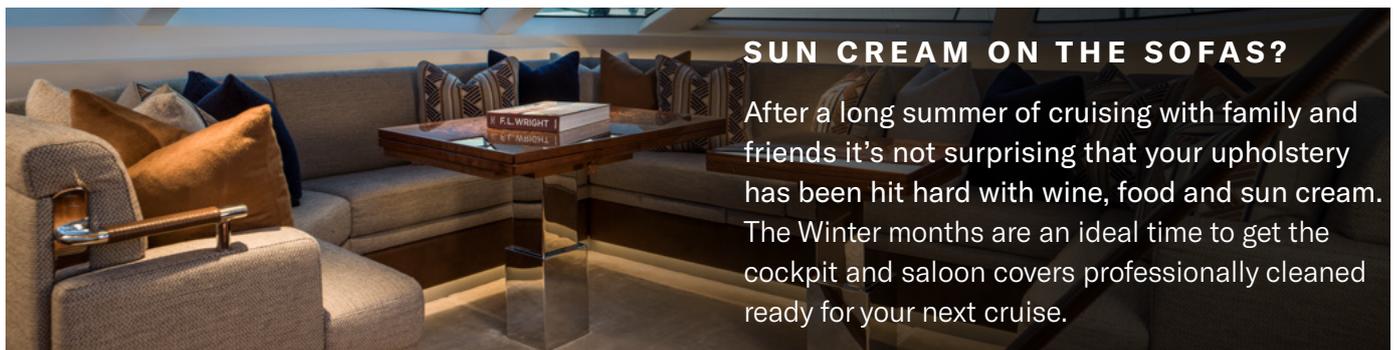

If the boat is out of the water, take advantage of being able to reach the gelcoat and paint repairs on the hull and transom. The easy access will allow more care with precision and detail. Trust Oyster to bring back the sparkle.

HAVE YOU CHECKED YOUR PIPES RECENTLY?

Oyster engineers can help descale the raw water pipework on your yacht to ensure that your refrigeration systems, engine and water maker are running at the optimum capacity at all times.

SUN CREAM ON THE SOFAS?

After a long summer of cruising with family and friends it's not surprising that your upholstery has been hit hard with wine, food and sun cream. The Winter months are an ideal time to get the cockpit and saloon covers professionally cleaned ready for your next cruise.
