BLACK LION

BLACK LION

Black Lion is a stunning Oyster 625 with a dark blue hull and is rigged for enhanced sailing performance with carbon mast and fully battened mainsail.

The interior is finished in teak and the light and airy salon features a dining table and settee area. The vertical windows allow for abundant light with great views while at anchor.

There are two guest cabins to accommodate four guests. Aft is a spacious master cabin with en-suite heads and shower and a further children's/guest cabin mid-ships. There are two cabins forward of the saloon. The starboard double has a private head/shower. The port bunk cabin will share the forward port head/shower with the midships cabin. The crew will sleep in the port forward bunk cabin and mid-ships cabin.

On deck she has a large safe cockpit which is further enhanced by a flat clear aft deck and forward sun-deck. Perfect for relaxing in your own private anchorage.

BLACK LION

CREW

Jeff Tilley

A true sailor and explorer at heart, Jeff's love of the sea and sailing started as a young lad surfing and sailing small boats and hobie cats. Jeff's pursuit of the natural freedom and adventure drew him to seek a career and lifestyle of yachting. Jeff's past yachting experience includes captaining day sail catamarans hosting up to 34 guests, captaining a classic motor yacht for private charters during the Americas cup and most recently as captain of the 80' sailing yacht Coconut.

He has logged over 75,000 open ocean sea miles crossing the Atlantic from CA to the Caribbean 6 times, and sailing the pacific northwest. Some of Jeff's other interests/hobbies include sports of all kinds, hiking, swimming, and exploring new areas both culturally and geographically.

From the moment you step aboard Jeff will make you feel at home aboard SY Black Lion, creating a very laid back and relaxing atmosphere full of fun and adventure, while creating a very safe, sea kindly environment for you, your family, and friends.

Jeff will be joined by a chef/mate to provide catering and hosting while on charter.
